Venue: *Sacrewell Farm & Country Centre
Thornhaugh, Peterborough, PE8 6HJ*

Predatory Chase Behaviour in Dogs – what it is – why they do it – and how to change it

Throwing a ball for a game of chase is an enjoyable and rewarding experience for many owners and their dogs. For other owners canine chase behaviour turns into a nightmare when their dog chases cyclists, cars or sheep. When their dogs choose what to chase it can compromise owners financially, cause the target severe injury or even death, and threaten the life of the dog. A good trainer or behaviour counsellor needs to be able to address inappropriate predatory chase behaviour swiftly and effectively. This programme looks at the reasons for the problem, the more effective solutions and how to alter the behaviour.

(Please note this is a re-run of the events under the same name presented in Cirencester and Dumfries in 2006)

Presented by David Ryan PG dip CABC, Full Member of the Association of Pet Behaviour Counsellors.
